

REMARKS

The following paragraph was inadvertently omitted from the rule 116 amendment of June 4, 2007. The undersigned left a phone message to this effect with the Examiner on June 4. In a telephone conversation dated June 5, the Examiner requested that the paragraph be submitted as supplemental remarks for the record.

The final office action indicates allowability of claims 12, 24, and 36. The subject matter of these claims and the intervening claims has been added to independent claims 1, 13, and 25. The redundant claims have been cancelled, along with claims which did not depend from 1, 13, and 25. Applicants respectfully submit that this amendment should put the application in condition for allowance without introducing any issues which would require additional consideration or search. Entry is accordingly proper and is respectfully solicited.

Applicants respectfully submit that the amendment of June 4 was nevertheless complete and should be understandable with thought even though this paragraph was inadvertently omitted. Applicants therefore respectfully submit that the Examiner should consider the complete amendment to have been submitted within the 2 month deadline.

Respectfully submitted,

By
